

Blackmore Primary School Curriculum Statement:

At Blackmore Primary School, our curriculum has been carefully designed to engage and motivate all learners within a safe, secure and happy environment. We strive to ensure that all children become lifelong learners and responsible citizens who give their best and are equipped with the knowledge and skills needed for their future.

In each subject, the National Curriculum objectives are broken down into small, progressive steps to support understanding and build confidence. These objectives are used to inspire curiosity, while ensuring that all pupils are both supported and challenged to reach their full potential. Continuity and progression are at the heart of our curriculum, with a clear focus on essential knowledge and key skills in each subject. The impact of learning is regularly monitored to ensure all children achieve well.

Our curriculum drivers underpin all aspects of planning, teaching and assessment, ensuring that learning is meaningful and that all pupils succeed.

Our Curriculum Drivers:

Our Place in Our World
Possibilities

Life Skills and Attitudes

Ambition and

Our Curriculum Drivers have been carefully chosen to reflect our local community. They enhance our curriculum by ensuring that children leave Blackmore Primary School not only with strong academic knowledge, but also with the essential life skills needed to thrive beyond the classroom.

Through these drivers, we aim to develop pupils' understanding of their role within their community, their country and the wider world. We also seek to broaden their horizons, helping them to recognise the possibilities available to them and encouraging them to aspire to be the best they can be, both academically and personally.

Our curriculum drivers are prominently displayed in every classroom as a constant reminder of these key values. They are embedded throughout school life, including within core and foundation subjects, our reading spine and assemblies.
