

## Our Aims and Values:

At Blackmore Primary School, our Core Values and Empowering Learning Values underpin our commitment to high standards of behaviour, attitudes and outcomes for all pupils. We provide pupils with the knowledge, skills and attitudes they need to succeed by focusing on what it means to be a Blackmore Citizen (*through our Core Values*) and a Blackmore Learner (*through our Empowering Learning Values*). These principles are explicitly taught and consistently reinforced through the curriculum and wider school experiences, including assemblies and daily interactions. They support pupils in developing positive learning behaviours, resilience and independence, enabling them to achieve their full potential.

Personal development is at the heart of our curriculum. We aim to develop confident, respectful and responsible individuals who are well-prepared for life beyond primary school. Through a strong emphasis on personal development, pupils are supported to understand their role within the school community and wider society.

We actively promote the fundamental British Values of democracy, the rule of law, individual liberty, and mutual respect and tolerance. These are embedded through our curriculum, assemblies and daily interactions, enabling pupils to develop a strong moral compass and an understanding of their responsibilities as citizens in modern Britain.
